Dennis Goldberg
Full-Stack Developer

Tel-Aviv,IL | Dennisoshak@gmail.com | 052-522-9843 | Portfolio | LinkedIn | GitHub

Experience

Frontend Engineer, Realcommerce – Tel-Aviv, IL   Sept 2023 – Present

- Developed responsive and interactive client-side applications for a major pharmacy chain's cash register and self-checkout systems using React over TypeScript
- Collaborated with backend developers, UI/UX designers, and other teams in an Agile environment to ensure seamless integration and optimal performance
- Applied strong debugging skills to identify and resolve issues promptly, ensuring a smooth user experience
- Implemented and managed Git submodules to streamline code reuse and maintain modularity across multiple projects, ensuring efficient version control and consistency in shared components

Frontend Engineer, Bridgify – Tel-Aviv, IL   June 2022 – Feb 2023

- Collaborated with design and product teams in an agile environment to transform designs into a responsive web application using React, Typescript and Redux
- Worked with back-end developers to integrate UI components with APIs and databases
- Wrote and maintained comprehensive automated tests for React components using Jest, ensuring consistent behavior across edge cases
- Contributed to the development and maintenance of automated deployment processes for front-end applications using AWS Amplify

Education

ITC-Israel Tech Challenge, Full Stack development Bootcamp   Feb 2022 – June 2022

Completed a full-stack bootcamp focused on independent research, Agile development, and hands-on project work

Bar-Ilan University, BA in Economics And Management   Oct 2015 – May 2018
